

RESOLUTION 2019-05

A Resolution of the Four Corner County Water and Sewer District to Modifying the Capacity Fees- SEWER EDU.

RECITALS

WHEREAS, the Four Corners County Water and Sewer District ("District") is a county water and sewer district duly established in 2003; and

WHEREAS, the District enacted both water capacity fees and sewer capacity fees to equitably recover from newly connected service the proportionate costs of infrastructure available to newly connected users; and

WHEREAS, the Board considered the presentation of the general manager supporting the increase of sewer capacity fees and the public comment; and

WHEREAS, the District has considered the value of sewer infrastructure including sewer treatment and finds that the currently charged fee does not adequately and equitably compensate the District for its investments in sewer infrastructure.

NOW THEREFORE, the Four Corners County Water and Sewer District resolves to amend the sewer capacity fee per EDUS to be \$9,110.00 per sewer EDU upon passage of this Resolution. There is no change in payment in lieu of capacity for water at this time

Dated this 18 day of June, 2019.
